Comments:

All products must in addition obey all national laws for labeling of food products.

(1): both expressions, organic as well as eco- or bio- may be used

(2): not appear more prominent than the sales description.

(3): set in the same visual field as the sales description.

(4): "organic farming" shall not be more prominent than the words "product under conversion to"

(5): must have the same color and an identical size and style of lettering as the other indications in the list of ingredients.

(6): the wording: "Organic Farming- EC Control System ", may as well be used as part of the community logo (please request if needed).

(7): may not refer to ingredients in conversion, even in the case those are used.

(8): wine and products made from wine can only be labeled "made from organic grapes" unless no additive has been used in the wine making process
